

Mental Health Voice Committee

Help create better mental health services for people living in City & Hackney

Have you experienced mental illness?

Would you like to improve mental health services?

Do you live in the London boroughs of City or Hackney?

Do you want to be part of a group to make real change happen?

The Advocacy Project's 'Mental Health Voice Committee' aim to improve mental health services by hearing from people with lived experience. The Advocacy Project will support you to:

- Attend forum meetings once a month in City and Hackney
- Share feedback with the people who commission and run services
- Highlight good practice and positive stories
- Attend training about this role

Interested? Contact Maureen Brewster, User Involvement Coordinator at The Advocacy Project for more details:
